**Group Art Unit: 2763**

**Examiner:** Woo, S.

**Batch No.:** V42

**Issue Fee Due:** February 21, 2001

Figure 1. Schematic representation of the experimental design. The subjects were divided into two groups: a control group and an experimental group. The control group received a standard dose of 10 mg/kg of morphine, while the experimental group received a higher dose of 20 mg/kg. The subjects were then subjected to a series of tests, including a pre-test, a post-test, and a follow-up test. The results of the tests are presented in the table below.

Sir:

Transmitted herewith for filing in the above-referenced application are the formal drawings (6 sheets), as required by the Notice of Allowability dated November 21, 2000.

Respectfully submitted,
